W. C. T. U. Executives Present Fund To Buy Red Cross Ambulance

State President Presents Gift At Closing Session Of Two-Day Conference

Executives of the Alabama Woman's Christian Temperance Union, Wednesday afternoon at the concluding session of their two-day meeting at First Methodist Church, presented funds for a completely equipped ambulance to the American Red Cross.

The gift was presented by Mrs. Cora McAdory, Auburn, president of the organization, and was accepted on behalf of Red Cross by Alfred Brannon, Alexandria, Va., representative from the Southeastern Area.

Wednesday morning's sessions of the meeting were devoted to state departmental reports, followed by an address by Mrs. Ida B. Wise Smith, national W. C. T. U. president, on "War Activities Asked of Our Organization."

It was decided by the official board that money left over from the purchase of the ambulance should be used to supplement Red Cross contributions for service to convalescent men in Army, Navy and Marine hospitals.

A school of information will be held by the organization Nov. 15-16 for local union officers, with state departmental directors leading discussions.

Mrs. Lillian Rush Smith, Birmingham, was appointed state cultivation worker, and Mrs. A. W. Plump, organizer of temperance work among Negroes.
